## ARTICLE 2. CANCELLATION OF PARTICIPATION

2.1. TIF HELEXPO S.A. may, at its discretion, accept a written request by an exhibitor for the partial or full cancellation of their participation in the Fair, following the submittal of their participation application. However, exhibitors remain liable for paying the registration fee and the cancellation fee imposed. Payable amounts are presented in the cancellation fee table below. Charges are calculated on the basis of the following:

- The point in time when TIF HELEXPO S.A. receives the written notification by the exhibitor cancelling their participation in the Fair;
- The participation compensation stipulated, which would have been due for the exhibition area committed or leased, according to the basic leasing rates; additional charges depend on the exhibition area facades and/or the standardised structure as described in the Participation Application.

TIME OF CANCELLATION OF THE EXHIBITOR'S PARTICIPATION	FEES CHARGED
30-1 calendar day before the Fair opening date	The registration fee and the whole of the participation charge are withheld
60-31 calendar days before the Fair opening date	The registration fee and down payment are withheld
61+ calendar days before the Fair opening date	The registration fee is withheld

These charges are valid regardless of whether the exhibitor's area is allotted to another exhibitor, while the payable amount of fees charged as above is immediately due.

## ARTICLE 3. RECEIVING-MEASURING OF EXHIBITION AREA - OPENING

3. If the Exhibitor requests a change of their exhibition area from Type 2 (standardised structure and floor tracing) to Type 1 (floor tracing without structure) within a time period of less than 5 days from the opening of the Fair, they pay the compensation for using the exhibition area and an additional amount quoted in the Form of Services & Equipment Provision as this is in force.

3.2 An Exhibition area not received by the Exhibitor by the eve of the Fair opening is considered vacant and TIF HELEXPO S.A. may allot it to another exhibitor. An Exhibitor's not receiving their exhibition area is considered to be a cancellation and the provisions of the Article of the Cancellation of Participation are implemented.

## ARTICLE 4. FAIR PREPARATION - STAND CONSTRUCTION - DECORATIVE SIGNS/ SIGNBOARDS

4.1 The construction of exhibition stand areas is compulsory and fully burdens exhibitors, whether construction is undertaken by TIF HELEXPO S.A. personnel (floor tracing with standardised structure-Type 2) or undertaken by exhibitors themselves (floor tracing-Type 1). 4.2 These plans are approved by the competent Agencies of TIF HELEXPO S.A., provided plans are submitted in good time and within a timely fashion before exhibitors establish themselves on their exhibition area.
